RENTAL CAR FEE NOTICE EFFECTIVE

Please be informed of the following notice to be effective November 7, 2022. Allen Turner Collision Center will not cover any rental car fees or costs associated with your repair with us. We are disappointed in this but due to the constant supply chain issues and break downs it's impossible for us to determine a time frame for repair. Insurance companies are aware of the delays and back-order parts but are not accommodating as much as previous years. We are hoping that the issues plaguing our industry will work themselves out soon but we are unsure when that time will be. We want to inform you so you will be aware of the issues and to be prepared accordingly.
